SDSU | San Diego State University

Commencement 2026

MAY 16, 2026

COLLEGE OF SCIENCES

SDSU | San Diego State University

Thank you, Aztec Parents!

Generous parent and family supporters like you provide access to life-changing opportunities, including mental health and wellness initiatives, scholarships, career-readiness resources, and experiential learning.

All students — past, current, and future — benefit from the investments that parents and families make in the success of SDSU.

Celebrate the SDSU Class of 2026
by contributing to the Aztec Parents Fund!
Donate now by visiting
givenow.sdsu.edu/Aztec-Parents-Fund
or scanning the QR code.

A MESSAGE FROM THE CHANCELLOR

Dear Class of 2026:

Today marks both the end of your time with the California State University and the start of an exciting new chapter. Along with the degree you worked so hard to earn, you have gained knowledge, skills and connections that I know will take you far.

Your accomplishment is celebrated today by so many people, including those who supported you on this journey: your family, friends and all those whose love sustained you; the faculty who trained you to look at the world with a critical eye and an open mind; and the counselors, advisors, librarians, tutors and coaches who together created an encouraging environment for you to succeed and to thrive.

You have made all of them, and me, extraordinarily proud.

As you face new opportunities in the days ahead, you will do so empowered by your membership in a vibrant global network of more than four and a half million CSU alumni. Together, you are certain to enrich our workforce and communities. After all, CSU alumni (like you!) have so much to contribute, whether it is exploring solutions to society's greatest challenges, working to educate and inspire the next generation or powering the fight for democracy and a more just world.

No matter the path you choose, please stay connected to your alma mater and to the CSU. Your connections – both to your campus and to other CSU alumni – are powerful tools that can help to open new doors of possibility. Likewise, I encourage you to offer support to all those who aspire to follow in your footsteps in pursuit of a CSU degree.

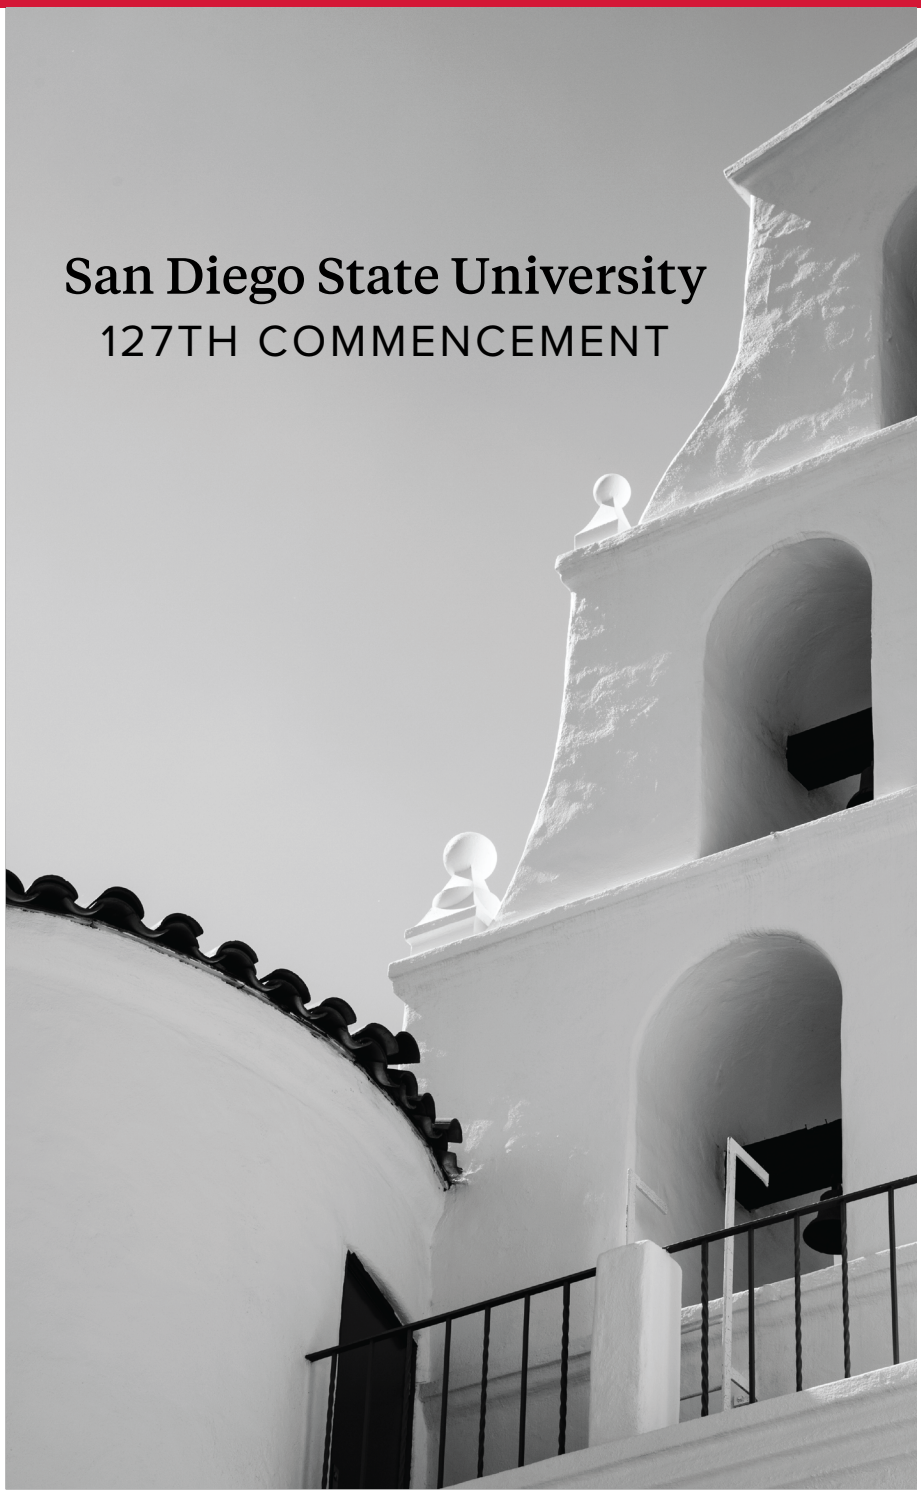
You begin writing your next chapter today – and I wish you every success. May your hard work and creativity lead to happiness, prosperity and deep fulfillment, both in your life and in the lives of those around you.

Felicidades, California State University Class of 2026! I can't wait to see all that you will accomplish.

Warmly,

Mildred García

Mildred García, Ed.D.
Chancellor



San Diego State University
127TH COMMENCEMENT

A MESSAGE FROM THE PRESIDENT

Dear Graduate:

On this extraordinary day, I join the faculty, staff, alumni and supporters of San Diego State University in celebrating your achievement. Your degree is a reflection of the tenacity, commitment and personal growth that brought you to this defining milestone in your life.

During your time at SDSU, you challenged yourself academically, discovered new passions and sharpened your aspirations. The perseverance, integrity and resilience you demonstrated here will serve you well in your profession, in your community and in all that lies ahead. I look forward with great anticipation to the impact the Class of 2026 will make as you help shape a vibrant future for our region and the world.

As members of the Class of 2026, you have contributed to a remarkable era in our university's 129-year history. You advanced record levels of growth, achievement and student success at SDSU. You helped propel SDSU into the elite ranks of R1 institutions—recognized among the top 5% of universities nationwide for research activity. And in your time at SDSU, you and your class played an important part in elevating our academic excellence and national reputation.

As you celebrate this achievement, pause and reflect on those who were with you throughout your journey. From family members and loved ones to friends, mentors and SDSU's faculty and staff, take time today to express your appreciation for their belief in you and the roles they played in your success.

Looking ahead, you become part of a global community of more than half a million living Aztec alumni. It is a powerful network that includes public servants and civic leaders, entrepreneurs and innovators, educators, scientists, artists and changemakers across every field. Throughout your life, this community will stand ready to offer connection, mentorship and opportunity. "Aztec for Life" is more than just a saying; it is a culture and commitment.

As you complete this chapter and begin the next, remember that SDSU will always be your university home. Whether you are pursuing advanced study or progressing in your career, stay engaged with the SDSU Alumni organization and take advantage of your lifetime access to the university's Career Services resources. In the years ahead, I hope you will return to campus to share your experiences and inspire future generations of Aztecs.

For now, take pride in this moment and celebrate all you have achieved. Your success is well deserved, and we honor you.

Congratulations, Class of 2026!

Adela de la Torre, Ph.D.
President

A MESSAGE FROM THE DEAN

Dear Graduates:

Congratulations, you made it! The road to your degree has been long and challenging. Your hard work and dedication have paid off, though. You will learn that your SDSU degree opens many doors, and not just to job opportunities. I hope you will always find pleasure and satisfaction in continuing to learn new things, in creatively solving problems, in collaborating with others, and in explaining the wonders of the natural world to those around you.

The world can be a topsy-turvy place. You are graduating during an era of incredible change and uncertainty, and I am sorry for that. I know, though, that your degree will help see you through. The self-reliance and fortitude you have had to demonstrate while a student only amplifies the significance of today, when we recognize the incredible achievement of your graduating from SDSU.

I remember my own graduation, though it was some time ago. It took me a while to understand the importance of my graduation day, that graduation is not just an endpoint (and an excuse for a party with friends and family!). Graduation is also a transition to a new period of your life, a period that will bring a new set of exhilarating challenges—but I know that you will surmount those challenges, in part because of your experiences at SDSU. Whatever you do next, I hope you will always look back fondly on your time at San Diego State University. We would love to hear from you in the future. Once an Aztec, always an Aztec.

I conclude with one small request: that you take a moment to thank the people who helped make this day possible: friends, family, loved ones, mentors, advisors, professors, and teachers. Success is always a team effort. All of these people have earned their own share of gratitude and congratulations. Make sure they feel it.

Congratulations once again, and go Aztecs!

Jeffrey T. Roberts, Ph.D.
Dean, SDSU College of Sciences

WEBER HONORS COLLEGE

Students graduating from the Weber Honors College have successfully earned at least 16 units in small, challenging, interdisciplinary honors courses. The Weber Honors College features a wide range of opportunities that help students broaden their knowledge, gain new perspectives, and understand complex issues from diverse points of view. Weber Honors College students experience one-on-one scholarly partnerships with distinguished faculty, complete a culminating capstone, engage in university and community service activities, and further enrich their education through study abroad.

UNIVERSITYWIDE HONOR SOCIETIES

JANE K. SMITH CAP AND GOWN CHAPTER OF MORTAR BOARD

To be considered for membership in the Jane K. Smith Cap and Gown Chapter of Mortar Board, students must have senior standing for the fall semester with an overall grade point average of 3.2 and have participated and excelled in the areas of scholarship, leadership and service. Mortar Board, which was founded in 1918, had its beginning at SDSU in 1932 as Cap and Gown. In 1965, the local honor society was recognized as a member of the national society. Admission to Mortar Board is highly competitive. Membership is restricted to no more than 60 students per year.

TAU SIGMA

Tau Sigma is a national academic honor society designed specifically to recognize and promote the academic excellence and involvement of transfer students. Tau Sigma was originally founded in 1999 at Auburn University in Alabama. San Diego State University's chapter was established in August 2017. Students who earn a 3.5 grade point average during their first term are invited to join.

IN TRIBUTE

San Diego State University pays tribute to those students who put their education on hold to serve in the U.S. Armed Forces. To those students, and to those who gave their lives, we say thank you.

Tradition

ACADEMIC
REGALIA

ACADEMIC DRESS

Academic dress, also known as academic regalia, originated in Medieval European universities during the 14th century, when commencement ceremonies were associated with religious ordination. In observance of tradition, all participants in commencement ceremonies wear full academic regalia, consisting of a traditional black gown, hood and mortar board.

Bachelor's and master's gowns are plain, although sometimes worn with honor cords or stoles. The doctoral gown is trimmed down the front and around the sleeves with bands of velvet, either in black or a color associated with the graduate's field of study. Sleeve styles also vary with the degree: pointed sleeves on the bachelor's gown; short sleeves for the master's; and round, full sleeves for the doctoral robe.

The standard cap worn with academic regalia is the mortar board in black. Graduates with a bachelor's degree wear a red and black tassel to represent SDSU school colors and graduates with a master's degree wear an all-black tassel. Doctoral graduates wear a tam with a gold tassel.

Postgraduate candidates wear hoods that fit around the neck in front and drape down over the robe in back. The hood lining displays the university colors of red and black. In addition, colored velvet edging on the hood corresponds to the graduate's field of study. The doctoral hood is longer than the master's hood, and trimmed with additional velvet panels.

THE GOWN

The typical academic gown is black, but some institutions choose colored gowns to signify certain colleges, universities or degrees. Bachelor's and master's gowns are plain, although sometimes worn with honor cords or stoles. The doctoral gown is trimmed down the front and around the sleeves with bands of velvet, either in black or a color associated with the graduate's field of study. Sleeve styles also vary with the degree: pointed sleeves on the bachelor's gown; short sleeves for the master's; and round, full sleeves for the doctoral robe.

THE HOOD

Graduates holding master's and doctoral degrees also typically wear a hood that fits around the neck in front and drapes down over the robe in back. The hood lining displays colors associated with particular schools. Chevrons in a second color indicate a dual emphasis, while colored velvet edging on the hood corresponds to the graduate's field of study. The doctoral hood is longer than the master's hood, and trimmed with additional velvet panels.

THE CAP

The standard cap worn with academic regalia is the mortar board in black. Graduates with a bachelor's degree wear a red and black tassel to represent SDSU school colors and graduates with a master's degree wear an all-black tassel. Doctoral graduates wear a tam with a gold tassel.

Tradition

CEREMONY

CEREMONIAL MACE

The ceremonial mace, a symbol of university scholarship and integrity since the 11th century, is carried at the head of the academic procession at commencement and other special occasions to signify the importance of the event and the values of the university.

The university's mace was designed and handcrafted for San Diego State University by Michael Rybicki, an alumnus of the Master of Fine Arts jewelry and metalsmithing program.

The mace takes the iconic image of Hepner Hall as its main inspiration. Hepner Hall stands at the historic heart of the campus, and its bell tower and arch are well-loved symbols of the university for students, alumni and the entire San Diego community. A stylized silhouette of the bell tower, made of four curved sheets of sterling silver, sits atop a silver bowl formed by the traditional skill of hand raising — a metalworking method dating back thousands of years. The sleek curves of the tower resting on the hand-hammered bowl represent the blending of SDSU's proud history with its modern and forward-facing scholarship, research and community engagement. These sculptural elements sit atop a turned and carved walnut handle.

PRESIDENTIAL MEDALLION

The medallion worn by President Adela de la Torre at commencement was designed for her installation as the ninth president of San Diego State University on April 11, 2019. It was designed and created by metalsmith graduate student Rex Arthur Ramos. The nine waves of the medallion represent the past and current nine presidents of SDSU, each bringing a new wave of leadership. The circular shape of the medallion symbolizes a globe while iconic Hepner Hall encompasses this shape, reinforcing SDSU's global influence. SDSU is depicted at the very center of this globe on an abstract map of the local region. The inclusion of the border represents a university with many different cultures, while the coastal line signifies the nature that surrounds SDSU. The contemporary look of the medallion reflects a vision of the future for SDSU guided by President de la Torre.

2026 HONORARY DOCTORATE RECIPIENT

GREGORY T. LUCIER, DOCTOR OF SCIENCE

Gregory T. Lucier is widely recognized as a leader in biotechnology, both within the San Diego community and across the global life sciences industry. He earned his bachelor's degree in industrial engineering from Penn State and later received an MBA from Harvard Business School.

In 2003, Mr. Lucier relocated to the West Coast to serve as chairman and chief executive officer of Life Technologies. Under his leadership, the company evolved into one of the world's largest life sciences organizations and was ultimately acquired by Thermo Fisher Scientific in 2014. Thermo Fisher Scientific is a global leader in providing laboratory equipment, chemicals, supplies and services that support scientific research, healthcare, safety and education. Following his tenure at Life Technologies, Mr. Lucier has continued to play a significant leadership role in the biotechnology and healthcare sectors in San Diego and currently serves as chief executive officer of Corza Health.

Mr. Lucier joined the San Diego State University Campanile Foundation Board in 2009 and quickly became deeply engaged with the university community. During his service, he supported the Guardian Scholars Fund, which helps cover tuition and housing expenses for students who identify as current or former foster youth, wards of the court, under legal guardianship, or unaccompanied homeless youth. He also helped foster collaboration and recruitment initiatives between SDSU and Thermo Fisher Scientific, creating meaningful opportunities for SDSU science students to participate in hands-on research, gain valuable industry experience and build professional networks within a leading biotechnology company. In recognition of his expertise and leadership, Mr. Lucier was also a distinguished guest as part of the university's 2013 President's Lecture Series.

A dedicated philanthropist and volunteer with strong ties across education, business, biotechnology and healthcare, Mr. Lucier's leadership and expertise have significantly contributed to the growth and advancement of both the university and its students. His impact on the San Diego biotechnology community has been profound, and San Diego State is proud to count him among its valued friends and former board members.

In recognition of his success in biotechnology and philanthropy, the Board of Trustees of the California State University and San Diego State University are proud to confer upon Gregory T. Lucier the honorary degree of Doctor of Science.
